Camping in the Park

Are you searching for a quick and affordable weekend getaway? Your vacation destination may be closer than you think. Just a short drive from Los Angeles, Santa Monica Mountains National Recreation Area offers many opportunities to shake off the stresses of city life and immerse yourself in the beauty of nature.

From Topanga State Park to Point Mugu State Park, there are a variety of campgrounds for you to enjoy. Night may find you stargazing deep within a sage-scented canyon, or listening as the waves break against the sandy shore. Savor the peace and solitude on your own, or share the fun of camping with family and friends.

When you go camping in the park, please observe the following safety tips and regulations:

- ▶ Fires are prohibited except in designated areas. Because fire regulations may vary for each campground, please contact the specific park.
- ▶ Learn to recognize and avoid poison oak, rattlesnakes and bees. Guard yourself against ticks by wearing long sleeves, long pants and light colors.
- ▶ Dogs are generally allowed on National Park campgrounds and trails if on a leash (6 feet maximum). At state parks, dogs are permitted only in campgrounds and picnic areas, and on certain beaches where specified.
- ▶ Dress appropriately for variable weather conditions and be prepared for minor emergencies. Bring a first aid kit, flashlight and extra clothes.
- ▶ Natural and historic features (such as flowers, rocks or artifacts) are protected by law and may not be collected or damaged.
- ▶ Take care of your trash. Use disposal facilities on site, or pack out what you pack in.
- ▶ Wood gathering or collecting is not allowed.
- ▶ Bring plenty of food and water. (Water from streams is **not** safe to drink!)
